F.A.O. working party on crayfish

During the eleventh session of the European Inland Fisheries Advisory Commission (EIFAC) at Stavanger, Norway, 28 May - 3 June 1980 a working party has been set up on crayfish.

Two questionnaires were prepared on :

- Institutes, research workers and programmes related to research on crayfish in Europe, and on :
- The status of crayfish fisheries in the EIFAC region.

These documents will furnish the basic information on crayfish in Europe.

A bibliography should be prepared for the spring of 1981.

To obtain documents of further details write to Dr Kai Westman,
Finnish Game and Fisheries Research Institute, Fisheries Division P.O.Box 193
Helsinki 13 SF 00131 Finland.

The Secretary is studying the transfer of the bank account of the Association to the
Swiss Post Office. The bank is now taking as fees 5 Swiss Francs on each deposit. If
a payment is made in foreign currency, the bank is taking in addition 10 US \$.

If you send money to the Secretary, please let him know by a letter the date you sent
the money, the bank you used, your check number and the purpose of your payment.
Thank you for your help.
